**REPORT ON SECTOR ELECTIONS ACROSS SIX (6) MARKETS IN THE MUNICIPALITY.**

**Date: August 9, 2024**

**INTRODUCTION**

The first phase of Sector elections kicked off on 16<sup>th</sup> July 2024 targeting 6 markets within the Municipality. These markets include, Emali, Sultan Hamud, Kasikeu, Matiliku, kithumani and Kikumini markets.

This is the outcome in each market.

**1. KITHUMANI MARKET**

The elections were conducted on 16<sup>th</sup> July 2024 at Kithumani Market.

The turn up of the traders was good since this is a relatively small market but about 50 traders turned up for the election.

Being a relatively small market, all the 21 sectors were not represented but only 8 sectors managed to do the elections this day. The elections were peaceful, orderly and the day ended well

These sectors are as follows

1. Bar owners' sector
2. Plot owners' sector
3. Green grocer/fresh produce sector
4. Jua kali sector
5. Hotel and hospitality industry sector
6. Private medical institutions sector
7. Retail sector
8. Beauty and hairdressing sector

The following are the committee members elected in different sectors across the six markets.

<b>sector</b>	<b>Committee members</b>	<b>Designation</b>	<b>contacts</b>

A sector in kithumani market during election of their committee members

## **2. KASIKEU MARKET**

The exercise was conducted on 17.7.2024 in Kasikeu market. With a turn up of 55 traders.

This number is low compared to the size and population of the market. However, the members present agreed that they had met before and dis elections for each sector as advised by the municipality and that they were okay having the lists that were earlier submitted to the municipal office being used as a true representation of the elected leaders in the market.

The available sectors in this market are,

1. Bar owners' sector
2. Plot owners' sector
3. Green grocer/fresh produce sector
4. Jua kali sector
5. Hotel and hospitality industry sector
6. Private medical institutions sector
7. Retail sector
8. Beauty and hairdressing sector
9. Boda sector
10. Music and arts sector
11. Hawkers and street vendor's sector
12. Electrical and technical jobs sector
13. Large business sector
14. Livestock trading sector

While on ground, there came up an issue about kiosk owners and it was captured as a sector but this may require clarification to the sector members. The exercise was a success and was well executed.

The election in this market were initially planned for 19/7/2024. However, they were postponed due to clashing program in the same market organized by the county department of Agriculture. after consultations we agreed to postpone the elections to wed.

We finally were able to conduct the elections and out of twenty 21 sectors, we Kikumini market has sectors. All these sectors managed to elect their leaders. Some sectors did their election on the material day while others had done prior elections and sent representatives to submit the elected leaders as well as register the sector members.

### 3. EMALI TOWN

The sector elections in Emali were planned for 24/7/2024 but postponed due to security concerns caused by the recent nationwide protests. They were rescheduled for 31/7/2024.

Emali, the elections were held at Emali goat yard. The town is the headquarter of the municipality with the biggest number of traders among the towns within the municipality. it was expected that, all the sectors within the municipality would be represented and elections for each sector be carried out as planned. However, only four out of 20 sectors turned up for the exercise. Elections for fresh produce sector had happened in May. These three are

1. Boda boda sector
2. Taxi (Small PSV vehicles) sector
3. Music and arts (Media and entertainment) sector
4. Private educational institutions

There are sixteen sectors yet to do elections of their committees in Emali.

*Elections underway in Emali town*

#### **4. SULTAN HAMUD**

Initially the elections were scheduled for 23/7/2024 but just like Emali, they were rescheduled for 31.7.2024. due to security concerns.

The exercise at Sultan Hamud was a successful one with twenty sectors managing to elect their committees on ground. However, there erupted some disorder during elections for plot owners committee members due to allegations of infiltration by non-sectors members. This led to chaos and the coordinating officer had to suspend the process, which was later postponed and rescheduled.

Some small disorder was also witnessed during election of Juaklai Sector committee members but the staff present managed the situation and that sector was concluded successfully.

## **5. MATILIKU MARKET**

The exercise was planned for 18/7/2024. The traders that turned up for the exercise were about 50, a low turnout compared with the market size and population.

After the officers explained in detail the rationale and essence of the sector elections, the traders present gave an opinion of first electing a market committee then later the sector elections.

This was not possible since the overall market coordination committee shall be derived from the various sector committees. The officers did their best to explain to the traders what is required but they were adamant to change their stand. The traders insisted on having a committee to handle traders' issues within the market. After further consultations with the Municipal Manager, we agreed to postpone the elections until 8/8/2024, subject to confirmation.

The elections on 8/8/24 happened as planned and we were able to do elections for sixteen sectors available in this market. After consultations with the traders, we agreed that some sectors had done elections on November 30<sup>th</sup> 2023 and were comfortable with their committees. However, there were amendments done in some of the sectors that were not satisfied with the committee elected on that day. The exercise ended well and was seamless.

The sectors available in Matiliku Market are;

1. Bar owners' sector
2. Plot owners' sector
3. Green grocer/fresh produce sector
4. Jua kali sector
5. Hotel and hospitality industry sector

6. Private medical institutions sector
7. Retail sector
8. Beauty and hairdressing sector
9. Boda sector
10. Music and arts sector
11. Hawkers and street vendor's sector
12. Electrical and technical jobs sector
13. Large business sector
14. Livestock trading sector
15. Sand dealers/transporters

### Challenges

- Traders in some markets were unreceptive of the sector concept because they are used to the just having market/town committees.
- Low turnout.

### Possible Mitigation measures

- Thorough sensitization, civic education and public engagement on any processes to be undertaken by the Municipality. Once this is done, the two challenge shall be solved in any future planned activities.

## Recommendations

- The Municipality to plan for the sectors that did not manage to do their elections.
- Sensitization of the elected committees to know their roles.
- Fast-track the election Town/Market coordination committee.

Compiled by:

Charity N. Musyoki

Municipal Social Development Officer.
